## Classroom Consequences

In my classroom, we will use a behavior chart system. At the beginning of the day, each student will start on "Ready to Learn". When the student does something kind or makes a good choice, their clothespin will be moved up to the "Great Choice" tier. If they break any of the Classroom, Technology, or Interent Rules, they will receive a warning. If they break another rule, their clothespin will be moved to "Stop + Think" where they will lose technology privileges. After the student's third offense, I will call home and they will talk to our principal.
