

Ashley Bass
Mini Lesson 1

1. Grade level/Audience – Fifth grade
2. Curriculum topic- Social Studies Geography
3. Tools/ 2 technologies- [Easel.ly](#) and [MapChart](#)
4. Toy from class- BeeBot
5. I will have the students get in groups of threes. Students are to create a timeline of the United States by listing when a state became a state and list their capitals using Easel.ly. There they will find templates or build one from scratch. They will then use MapChart to create a map. They are to color code the states by time zones. Each group will present to the class their findings. I will have them use Bee Bot in this lesson. Each group will pick a favorite state. They will program BeeBot to travel from their hometown to the state of their choosing. The map will be laid out on the floor for the demonstration.
