

Ashley Bass
Mini Lesson 2

1. Grade level/Audience – Fifth grade
2. Curriculum topic- Fine Arts- Self Portrait
3. Tools- Auto Sketch Book App on the iPads and [Realtime Board](#)
4. This will be done individually. Students are to take a selfie and save it to the iPad. They will then open up Auto Sketch and upload their photo. Then they can add a transparent layer for them to draw and edit on. Students are to draw the lines of their selfie- face, ears, hair lips, eyes, chin, ect. When finished they should be able to tell its them when you take away the actual selfie layer. Students will save the image. They will then share the image on Realtime Board. Once everyone has shared, each student is to critique two other student's selfies art work (not be mean or bully or harsh) on the white board. This is a chance for others to see how one might see themselves and they see each other.
