Mini Lesson 4

1. Grade level/Audience – Fifth grade
2. Curriculum topic – Persuasive Writing
3. Tools-Inspiration and iMovie
4. Students will be working in groups of three or four. The end product will be a persuasive movie to get the other classmates to believe in something they believe in. I will give them some topics or subject they can choose from or they can come up with their own but with my approval. They will create a story board and script in Inspiration. They need to list their main idea or topic and come up with three facts and three opinions about their topic. Then they will use inspiration to put all the ideas together for a script. The iMovie will need to be 6-8 minutes long explaining the topic and persuading the rest of the class that their idea is the best.
