App Evaluation

Title	Splice-Video Editor + Movie Maker
Version (if there is one or if it is one of a series)	3.5.3
Publisher	GoPro, Inc.
Target Audience (if your opinion differ from the publisher, state that) Type(s) of software with your justification (can be more than one and when justifying, you have to convince me not just re-iterate my words)	Ages 4 and up. Our opinion differs because this app can be complicated to operate even for adults so, we would recommend it for grades 4 and up.
Curriculum(s) - How does it (or can it) fit into the curriculum	This could fit into any subject curriculum that the teachers assign a video to be made as a part of the lesson.
Possible environment(s) and Why:	Can be used at school or home because it does not cost and anyone can use it for video making and editing on any subject matter.
Cost: If there is a free version and a paid version, I want to know both: Are their costs for different licenses available and if so, what are they? In-app purchases	Free for full version.
Write a paragraph or two describing the software: Assume I know nothing about the software. There needs to be enough description so that I can visualize this software	Splice is a software in which you can upload videos or pictures to create video or edit. Once you have uploaded your content, you can add sound, text, background color, outros, transitions, sounds effects and narration. You can determine how long the video lasts, how long each picture is shown, and photo motion.
Write a paragraph or two on your impressions of the software and possibly how you see the software being used in your class: Include good and bad aspects of the program and/or things that were well done. For example, navigation was easy, screen design was good, sound effects were	This software is awesome if you want to make and edit videos, other than using it for school programs and student projects we do not really see a lot of use for it in the classroom. The good thing about the program is you can pretty much make any type of video you wish, but the downfall is it

used effectively, and feedback was effective and immediate… o If you disagree on anything (from publisher or any review you see….) tell me	takes a lot of time to figure out what each tool does and how to use them.
Does the software pass?	Yes
