All the student will have to do is connect the upper case letter to the upper case bubble, and the lower case letters to the lower case bubble, and then submit their final web to me.

		times until I am comfortable that they can write the letters on their own. I will do activities such has selecting students to trace the missing letter on the smart board, have the students tell me which letter is missing: upper case or lower case, and watching me trace the letters. Once we have done numerous acitivites, I will go over the five letter sets one more time to ensure a review.
20	Closure:	To ensure my students have been engaged in the lesson, and understand the lesson, they will be handed a work sheet. I will assign five letter sets for the students to write. For example, a letter set would be "Aa". Once completed, the students will turn the assignment into me.
