

Grade Level/Audience: 1st Grade

Curriculum Topic: Sight Words

Tools: Osmo & Kahoot

Student Formation: While playing Osmo, students will be in pairs. While playing kahoot, students will be individual.

Synopsis: This lesson will focus on the students practicing their site words. While working with other study tools, the technology used will be the Osmo spelling app. Students will compete against each other to spell the site words the fastest and correctly. Whenever I have decided that enough practice time has passed by. We will review as a class with a couple rounds of Kahoot.
