Did the software crash?		X	
Was the content appropriate? Did it meet the user's needs?	X		The content is appropriate for students and is just science trivia, nothing else.
Were the screens appealing? • Color, items on screen, sounds ……	X		Yes, it is very interactive and is cool when you get answers right.
Is it easy to navigate?	X		It is very simple and self-explanatory as far as getting around the app.
Is it easy to learn?	X		There aren't a ton of options on the home screen, so it is very easy to learn.
Does the user need Supervision to use		X	All it has on it is science questions

	X		so there isn't any need for supervision.
If the App required a response, was it appropriate? (right or wrong)	X		Yes, it just required a response to the questions it was asking and the response to that was always appropriate.
Were there bells and whistles? • If so, do they enhance instead of detract? • If not, should there be?	X		It enhanced and definitely helped the app rather than hurt it.
Did you like using the App?	X		This was the coolest app. We would recommend it to anyone.
What was the cost? • Was there a "lite" version ◦ If so, was it enough		X	This app was totally free.
Were there in-app purchases? • If so, what were the additional costs?		X	None that we saw.
How does it compare to other apps that do the same?		X	We have never used an app like

			this before, much less a free app. It is so simple, but has so much content inside of it.
