Dear Parent/Guardian,

I am so pleased to tell you that your student has worked very hard during the month of October! Throughout this month your student has completed multiple science projects that are worthy of recognition. I want to personally invite you into our classroom to see all that we have worked on this month. The students will display their work across the room so that you have the chance to see it all. I hope that you are able to make it! Thank you for encouraging your student throughout this school year. If you have any questions, feel free to contact me at afield@bicschools.net!

Ms. Ashley Field
