

Title: Kahoot

Version: 9.3

Publisher: Kahoot AS

Target: The targeted age group for this app is 4 years old and older. This app is easy to navigate and easy for all ages. The material is capable of being customized to fit grade level content.

Curriculum: This app does fit into education based curriculum because short quizzes show strengths and weaknesses of students in an informal way.

Environment: This app could be used inside or outside of the classroom. It would be best immediately after the desired lesson or as a memory tool.

Cost: This app itself is completely free. There are in app purchases. These purchases increase benefits of saving and creating quizzes: Kahoot! Plus and Kahoot! Plus for Family and Friends.

Description of Software: This software allows teachers to create short quizzes to project in front of the class and students submit their answers in competition according to their time and accuracy.

Impression of Software: My impression of this app is good because it is a great way to review while the students are engaged. When you first open the app it seems different and fun. The colors and sounds effects are entertaining and engaging. This app allows students to test their understanding with little to no pressure. I would use this app for review of multiple subjects.

Pass: This software passes the education software evaluation form because it allows easy access and engaging review.
