Lesson Timeline with Instructional Strategies & Learning Tasks (This should be VERY DETAILED)

Amount of Time	Teaching & Learning Activities	Describe what YOU (teacher) will be doing and/or what STUDENTS will be doing during this part of the lesson.
5 minutes	<u>Introduction:</u>	Students will review the national symbols that they learned previously and the importance of these symbols. I will then ask the students if they know of any state symbols.
50 minutes	<u>Instruction:</u>	I will then show the powerpoint that goes into details about the state motto, song, and other symbols of the state. We will look at pictures, places, and maps to show these important locations off in Arkansas. After we go through the slideshow, I will do a quick informal review by asking students questions about the information we have just covered. I will then inform students to get out their iPads and open the Canva app. I will have the students do the tutorial together as a class to show them how to use the app. After the tutorial, I will pass around the rubric for the project they need to complete with Canva. They are to create a poster on Canva for the symbol that they drew out of the hat. It can be a national or state symbol, song, motto, or flag. They are to provide an informational poster which they will send to my email from the app. Students will then be given thirty minutes to work on their project.
10 minutes	<u>Closure:</u>	Students will turn in their posters to my email and we will put away our iPads. I will inform the students that if they did not finish today then they will receive 15 minutes tomorrow to fine-tune their poster before we present them to the class. We will then move on to reading.
