Brainpop

- Version: 3.1.9.

- Publisher: BrainPOP

- Target Audience: Age group would be 4 years and up with a recommended age of 9-11.

- Curriculum: This app would fit perfectly into a science, social studies, English, math, and really any type of curriculum.

- Cost: The app is free to download, but doesn't offer a lot that is free. The user can subscribe for $6.99 monthly.

- Describing the Software: This a great app that keeps students entertained while learning. Each tab has a lot of topics with videos and quizzes to help reinforce the lesson.

- Impressions of the Software: Easy to navigate and explore. The 'lite' version is super lite. There isn't a whole lot of options with the free version.

- Pass: This software does pass because everything inside the app was informative and educational without supervision.
