# *Swift Playground*

---

- Version: 2.2
- Publisher: Apple Inc.
- Target Audience: Age group would be 4 years and up.
- Curriculum: This app would fit perfectly into a technology and coding lesson.
- Cost: The app is free but does include in app purchases.
- Describing the Software: This is a great way to teach interactive coding. There are some fun favorites that kids would enjoy playing, like battleship.
- Impressions of the Software: This app is a great kid-friendly way to introduce coding. It has fun games that you need to code to play, while not really thinking about coding.
- Pass: This software does pass because everything inside the app was informative and educational without supervision.
