Tynker

- Version: 4.6.0

- Publisher: Neuron Fuel, Inc.

- Target Audience: Age group would be 4 years and up.

- Curriculum: This would be another great app for learning how to code.

- Cost: The app is free but does include in app purchases. They are only $1.99 or $2.99 per game within the app.

- Describing the Software: This is a great way to showcase how easy coding can be. This was one of the easier coding apps.

- Impressions of the Software: This app is a great kid-friendly way to introduce coding. We could even customize minecraft icons and upload them to our own minecraft game at home.

- Pass: This software does pass because everything inside the app was informative and educational without supervision.
