Alex G.	December 2nd
Emily M.	December 8th
Madison P.	December 15th
Caleb R.	December 24th
April F.	December 29th

Christmas Ornament Making

On **December 9th**, we will be making Christmas ornaments during our math lesson to learn about different shapes. Please send a shirt with your student this day that you wouldn't mind them getting paint, glue, et cetera on. I hope to have the ornaments ready for them to bring home before break so that they can put them on your home trees!

Reminders for Parents

- The school is still taking donations for the food drive until **December 20th**.
- There will be no school on **December 18th**.
- We will be watching The Polar Express on **December 17th**.
- There will be a book fair from 10 am-2 pm on **December 16th**.
- School photos will be ready for pick-up on **December 6th**.

Christmas Celebration

We will be having a Christmas party on **December 13th**! Instead of exchanging gifts, I have asked the students to create Christmas cards to pass out to their classmates. I will purchase snacks for the party and ask that students bring plates, cups, or napkins. I am so excited for our party!

Santa's Elves

Before Thanksgiving break, myself and the other first grade teachers asked the students how they would like to give back to the community. They came up with the brilliant idea to decorate cards for residents at the local nursing home.

I am proud to say that our class created **THIRTY** cards to be delivered to the nursing home next week. I am so happy that the students decided to take on this task to give back to their community. If you would like to see the cards that your student made, I will have them set up around the room during our Christmas party.
