

The Sheridan School District has released its school bus routes for the coming year. There are a number of changes this year with most of the changes being in the East End area. There have also been several bus number changes.

The following buses will have number changes: Bus #44 is now Bus #16, and Bus #43 is now Bus #48, Bus #18 is now Bus #36, Bus #10 (61) is now Bus #43, Bus #25 at EEE, EEI and EMS will now have part of Bus #32's students, and Bus #25 EE Secondary (high school) has been consolidated with Bus #28, Bus #26 and Bus #48. Remember to notify the school your child/children attend and update their bus number information.

Once again the Transportation Department will utilize the Program called Remind 101. This program will allow us to communicate important information concerning your child's bus route. For example, if your child's bus will be late due to a driver shortage, we will be able to notify you. If your child's bus cannot go down certain roads due to flooding, we will be able to let you know where your child can be picked up. You will receive information concerning this program with your child's copy of the transportation rules. You must initiate the invitation on your cell phone or e-mail in order to receive this information.

Please review the information listed below for your bus. If you have any questions concerning these changes or if you're not sure of your bus or time, please call Rhonda Harris at the Transportation Office at 870-942-5522 or contact by email at [rhondaharris@sheridanschools.org](mailto:rhondaharris@sheridanschools.org). You may also go to the School District's website at [www.sheridanschools.org](http://www.sheridanschools.org), click on the Parents tab, then click on Bus Routes for a list of buses and routes. You may also access the Infofinder program to obtain information concerning your bus number and times. This program is found on the School District's Website as well.
