

At Home AUP

Having rules to follow in the classroom as well as at home can help a student to consistently follow the rules that are enforced. Children should understand that there are rules everywhere you go and if the rules are not followed, there will be consequences. Computer safety is very important for children to become familiar with at a young age to ensure proper use in the future. It is also important that children have basic rules at home as well. If you are interested in creating your own Acceptable Use Policy for at home use, please feel free to use this template I have provided a link to!

Complete the list in order to access the Wi-Fi password for the day!

Ex: Do homework, take out trash, make bed, feed and water pet, etc.

- 1.
- 2.
- 3.
- 4.
