<u>Title: Shadow Puppet</u>

<u>Evaluators: Amber Whitaker</u>

Questions	Yes	No	Comments/ Notes
Have you played enough to know every aspect? • Did you try things that were wrong and/or unexpected		x	Since we did not build a slideshow, there is more to discover.
Did the software crash?		x	
Was the content appropriate? Did it meet the user's needs?	x		App is designed for children as young as 5. Can create slideshow presentations. Teachers can create minilessons that are engaging and exciting.
Were the screens appealing? • Color, items on screen, sounds		x	Slightly boring home screen. Gets more interesting as you build your presentation.
Is it easy to navigate?	x		Create new is the only option from the home screen. Suggestions of what to add to the presentation are on the side of the screen.

Is it easy to learn?	✕		The app offers lots of help and suggestions.
Does the user need Supervision to use	✕		The app does connect to outside internet sources so children should be supervised.
If the App required a response, was it appropriate? (right or wrong)		✕	Students/ Teachers are creating their own work. No response required.
Were there bells and whistles? • If so, do they enhance instead of detract? • If not, should there be?		✕	The app wasn't very "fancy" but it was functional.
Did you like using the App?	✕		As a future educator, it is easy to see how this app could be integrated into lesson plans.
What was the cost? • Was there a "lite" version o If so, was it enough		✕	
Were there in-app purchases? • If so, what were the additional costs?		✕	No in app purchases that we noticed.
How does it compare to other apps that do the same?			Educational and geared for kids. It

			is almost a more exciting version of powerpoint for kids.
Additional Comments			

<u>Developmentally Appropriate</u>
