<p>Our impressions of the app</p>	<p>We loved this app! We both could see this app helping a lot in our future classrooms. This is a great way for students to share the knowledge about certain subjects, and also a great way for teachers to assess students. This can be done in many ways weather it be in groups or individually. There is also a lot of freedom in the app that we really liked. It wasn't just for a specific subject, but it could be used in any content area.</p>
