

Third Grade Recycle Contest

Please join the third grade as they do their part to help the world around them!

The contest will last for the month of October.

The winning class will receive an ice cream party!

Please save your bottles, cans, paper, and glass bottles to help out our third-grade classes!

Ms. Nahlen, Ms. Roberts, and Mrs. Johnson appreciate your help and participation in helping show students how important recycling is for our environment!

We can't wait to see how great each class does!

Recycle bins will be located in each third-grade teachers' classroom, and also in front of the office!
