

## Ms. Blayre's First Grade Class Wish List...

- ❖ For my class I would like to have colorful posters, maybe two or three, with inspirational quotes.
- ❖ My desk, which needs a nice comfy spinning chair. A nice desktop and a file cabinet to keep next to my desk to put my students' work and confidential information.
- ❖ I would love to have at least four small book cases, one pretty long one to put containers of books in. The other three I would like them to have at least two shelves to put materials such as paper, pencils, scissors, or glue in. I would make them into sections, so one of the "book" cases would be full of books so that the students can easily reach them and pick what they want to choose. One of them would be art materials such as extra paper, colored pencils, paint, etc.. One of them I would use to put manipulatives and other items we could use for lessons. The last case I would use to organize any extra toys or books for the students.
- ❖ I want my classroom to be organized, I would like some cabinets to put items that are not safe for students to have such as cleaning supplies or my personal items into. There also needs to be a sink so the students can wash their hands after painting or being outside.
- ❖ Usually classrooms for younger students have bathrooms connected to the classroom, so I would like that so the students would be able to go whenever they need to.
- ❖ I would like their desks to have storage inside like this.

- ❖ I want a reading table.
- ❖ I would like a computer container for our class that has enough computers for each individual student, so they can unplug the computers and take them to their desks. I would like the computers to be PC.
- ❖ I would like two rugs, one with colored squares so the students can sit in a square while we have reading time. I want the other one to have the ABC's on it.
- ❖ I want a Promethean Board so the students can be interactive with the lesson on the board.
- ❖ I would also like a ladybug camera projector for the computer.  
That looks like this.
- ❖ I would like the students to each have their own iPads.
- ❖ I would like to have some beanbags for the reading corner.
- ❖ I would like a laminator and a printer.
- ❖ I would like a bench for the students to sit on.
- ❖ I want to be able to use Netflix and Youtube.
