

6<sup>th</sup> Grade

Science, Recycling

Clips and Google Docs

**Synopsis:** Students will be learning ways to recycle during this lesson. Students will be paired up and tasked with making bags out of old t-shirts and record themselves doing it on clips. Each student will take turns making the bag and the other one will record. Students will then write about their experience on google docs and talk about several ways that developing the bags can help the environment. Students will share their experience with the class.
