

Class Song

Grade Level: 2nd

Curriculum: Music PR.5 Students will develop and refine artistic techniques and work for presentation

Tools: Specdrums & iMovie

Synopsis: For this lesson, I have students compose a beat to go along with a song that we created as a class. The song we create will be based off of a previous lesson and what we learned that day. After writing the lyrics as a class, I will split the students into groups of 3 and they will each create a beat for one verse of the song. After they have each created their beat, they will record an iMovie where they put it all together. The students will then present their completed songs to the class.
