

## On-Line Tools

### 1.) Vimeo

- [Video maker by Vimeo | FREE Marketing & Social Media Video Templates](#)
- This on-line tool helps you create a video using video clips.
- I would like to have my students use it to tell a story about themselves.

### 2.) Voice Thread

- [VoiceThread - Apps on Google Play](#)
- This on-line tool allows you to insert picture, video clips, and voice recordings to present.
- I think student will use this app to create presentations about the lesson they learned.

### 3.) Quizlet

- <https://quizlet.com/join/dQTDyWRdS?i=1wmpw6&x=1rqt>
- This on-line tool helps student's study anywhere.
- I will create quizlets for students to study that way they can student on their own.

### 4.) Class Dojo

- <https://www.classdojo.com/>
- This on-line tool helps track student's behavior and parents can have access to see what their child does throughout the day.
- I plan to use this as a replacement of color cards. And to use this platform to communicate with parents.
