

Ms. Carinna's 5th Grade Class

Parent Information about Acceptable Use Policy

Parents and Guardians,

I am so excited to have your student in my class this year! Attached to this letter you will find an Acceptable Use Policy that required your signature and your student's signature. Before you sign, please read this whole letter and the whole policy to make sure you do not have questions or concerns. Once signed, the policy is unchangeable, and your student is responsible for their actions in the classroom. To avoid any future issues, I would like to clarify what an Acceptable Use Policy is.

Acceptable Use Policy indicates the classroom rules, but more importantly, indicates the technology and internet access rules that our class will follow over the next school year. This also covers what content your student is allowed to view and use in their school projects. Also outlined are the consequences for breaking any of our classroom, technology, or internet rules. These rules and consequences are to keep your child and the other children in my classroom safe.

Thank you for taking the time to read this letter and the policy. Please have your child place the signed policy in their 'return to school' binder and I will gather them on Friday. For further information on the Acceptable Use Policy, copyright laws, or anything else outlined in my policy, please check my website. I have also attached a template for you to consider creating your own Acceptable Use Policy to implement at home. This is a great tool to use to help your student stay safe and secure at home as well.

I look forward to this school year!

Ms. Carinna Coletti
