

Chesney Dennis  
Mini Lesson- Integrating Technology

## Reading Comprehension

**Grade:** 2<sup>nd</sup>

**Class and Topic:** English Language Arts- Reading Comprehension

**Tools:** The book: *Unplugged* by: Steve Antony, Quizlet, and Chromebook.

**Synopsis:** Before the lesson I will create a Quizlet that asks students questions about the book: *Unplugged* by: Steve Antony. This will show me which students comprehended the reading and which need extra practice. I would begin by reading the book aloud and give students the opportunity to discuss with their peers about the book. I would then ask students to get out their Chromebook and take the Quizlet quiz I assigned.
