

Inspiration Clips Synopsis

Inspiration is perfect for organizing ideas and can be used as a tool of success for the students. The video shows how students can maneuver through the application and use it as a way of organization. Inspiration can be used in a variety of different ways in the classroom. Students can use it as a way of planning before writing an essay, they can use it to take notes, and they can use it to organize themselves. The clips video is a short tutorial of how to use Inspiration.
