

National Symbols

Subject: Social Studies - Civics/Government

Grade: 2nd - Social Studies - C.2.2.1: Explain the significance of state and national symbols, patriotic songs, and mottos

Tools: Google Sheets & BrainPOP

Synopsis: Begin the lesson by playing some games on BrainPOP. There are lots of different games and activities that go over different topics of US Government, national symbols, and mottos. Allow the students 20 min to play the games. While they are playing the games, have the student make a google sheets page for the whole class. This google sheets page will allow for each student to have a list of great games. These games will be listed for each of the students to see. Once they are able to see all the games listed, they can add other games and activities they like. They are also to type their description of each of the games they try. Once they finish playing the games on national symbols, the students will take a BrainPOP quiz in order to test their knowledge of the national symbols.
