

Title: Cosmic Kids

Version: 6.020.1

Publisher/ Producer / Creator: Cosmic Kids

Target Audience: 4+, Made for Ages 0-5

Type of software: This type of software is tutorial, it allows students to learn new content while still engaging the students using entertainment.

Curriculum(s) (Possible environment(s) and why): This app could be integrated into any curriculum, but it would be especially helpful for an ELA classroom. There is a section dedicated to reading stories and moving your body along with the characters and objects in the story! An ELA teacher could use this app to not only get kids moving, but also to enhance their comprehension as they listen to the story being read aloud.

Cost: Free to download basic version. \$9.99/month or \$64.99/year

Description Paragraph: App asks for parent approval when opened and when a different heading is selected. Must be supervised due to app restrictions, it needs a parent approval. Very pleasing colors. Each video has a picture image and description underneath the video. Videos included loud eye catching backgrounds to keep students engaged. App videos are entertaining as well as informational. Includes Spanish videos as well. Each heading is bold and uses different colors with large fonts.

Impression and Usage Paragraph: This app is very educational and a fun way for students to learn outside of reading and writing. It is almost hands on as each video is intriguing for viewers. It is easy to navigate, has good use of colors as they aren't too bright or dark. Font sizing is appropriate with each heading/subheading. Would work great for any subject area as videos have different categories and use imagery and sounds.
