Mini Lesson #3 : Vocabulary Trading Cards

Grade level : Sixth

Curriculum Topic : Science

Tools and Tech : Wixie or Pixie , Class set of desktops , Pics4Learning

Lesson Summary: Students will get into groups of 3-5 and each group will be assigned 10-15 vocabulary words and will design a trading card for each using Wixie or pixie on a class desktop. Trading cards must include a visual image, (all images have to come from Pics4Learning website) , definition of the word , 2 synonyms , 1 antonym , and the unit in their textbook where the word can be found. Each group will be graded on their assigned trading cards and I will print out a class set of the compiled trading cards. This will serve as a great study/ review tactic for end of the year state testing and exams in my class as well.
