Title	Homer
Version (if there is one or if it is one of a series)	Version series: 9.0.1- 1 day ago
Publisher or Producer	Developer: Homer Seller: HomerLearning, Inc.
Target Audience (if your opinion differs from the publisher, state that)	The app description states that the app was made for ages 0-5, but we believe it was made for ages 4 and up.
Type(s) of software with your justification (can be more than one)	• Drill & Practice: students are giving an assessment to discover what information they already know • Tutorial: the students learn new information
Curriculum(s)- How does it (or can it) fit into the curriculum	This app could fit into the language arts and math curriculum by assessing what the students already know or their progress throughout the lessons.
Possible Environments and Why	Single User (at home)- the parent can choose what the child already knows to help decide where they are at. Teacher Tool- the teacher can determine what the child struggles with and needs to have more practice on.
Cost (is there a free and a paid version)	The app itself was free, but to create an account you had to pay $9.99 a month or $59.99 a year.
In-App Purchases?	Yes- there were additional costs to create a membership for $9.99 a month or $59.99 a year.

Describe the software (1-2 paragraphs):

"Assume I know nothing about the software. There needs to be enough description so that I can visualize this software"

Impressions of the software/how it can be used in your class (1-2 paragraphs):

"Include good and bad aspects of the program and/or things that were well done. For example, navigation was easy, screen design was good, sound effects were used effectively, and feedback was effective and immediate…"

"Do you disagree on anything (from publisher or any review)"

"Does the software pass **APPS**"

ALL evaluations need to be saved in word and PDF. The individual software evaluations must be posted on the web (PDF version) (Word because you and your partner need to agree on the contents.)
