

Grade: 2nd Grade

Curriculum Subject: English Literature/ Poetry

Tools: Spectrum/ Clips app

Environment: Students will be broken up into groups of 3 to create a poem and record a lyric video on Clips.

Synopsis: This lesson is to strengthen the students writing skills by having them create a poem.

The students will be broken up into groups of 3 and can create poem about any subject they want, as long as it is appropriate. The poem has to be at least 8 lines long and have elements of rhyming. Once they have completed a poem and I have approved it, they will use Clips to create a lyric-type video for their poem. They will take turns talking into the app to create a voice over for the video, and then they will go in and type out the lyrics. The video should also include backgrounds and graphics that go with the poem.
