

History Kahoot

Grade Level – Kindergarten

Subject – Social Studies

Tools – Kahoot and Computer

Synopsis – Students will play a review game on Kahoot to refresh their memory on basic history facts such as “Christopher Columbus sailed the ocean blue in... 1492.” They will each do this individually on their own laptops that are provided watching the projection of the questions on the screen. On the overhead, there will be a question with four different answers the students have to choose from. They will choose their answer on their laptop within the time allowed.
