Have you played enough to know every aspect? • Did you try things that were wrong and/or unexpected	✓		This app has a lot of options.
Did the software crash?		✓	The app progressed through everything we clicked on nicely.
Was the content appropriate? Did it meet the user's needs?	✓		It had quizzes over many subject including ELA, history, Science, and math. It does not provide scaffolds for students who would need them.
Were the screens appealing? • Color, items on screen, sounds ……	✓		The discover tab was very busy. It had many options. The quiz and create screens though were laid out nicely.
Is it easy to navigate?	✓		The tabs are very clear. Students might need a few directions.
Is it easy to learn?	✓		It's a very simple app.
Does the user need Supervision to use	✓		There are Kahoots that are not educational.

			Students would need to be supervised to make sure they use the right ones.
If the App required a response, was it appropriate? (right or wrong)	✓		When students got an answer correctly, it responded in green with a checkmark. For an incorrect answer, it responded in red and an X.
Were there bells and whistles? • If so, do they enhance instead of detract? • If not, should there be?	✓		The app has background music while taking a Kahoot. This could be distracting for certain students. It could also make some nervous.
Did you like using the App?	✓		This app has a lot of educational potential.
What was the cost? • Was there a "lite" version o If so, was it enough		✓	It was free and had access to a lot of sources.
Were there in-app purchases? • If so, what were the additional costs?		✓	
How does it compare to other apps that do the same?	✓		I think this app is more fun than quizlet. It makes learning and memorization fun!
Additional Comments	✓		This could easily be applied to learning multiplication facts or learning parts of

			speech! We love that it allows teachers and students to make these quizzes easily!

<u>Developmentally Appropriate</u>

Questions	Yes	No	Comments/ Notes
Child Development and Learning • Subject Matter appropriate? • Educational Focus? • Provides for Learning New Content? • Follows Appropriate Teaching Sequence?	✔		The subject matter depends on what the user puts into their own Kahoots. There are Kahoots that are available that are educational and focus on furthering understanding of topics. It does not follow a teaching sequence.
Individual • Does it match individual's abilities? • Does it meet individual's needs?	✔		There is not much personalization for different students. It does however allow students to make their own quizzes that they could take themselves. This could help meet individual needs and abilities.
Social/Cultural • Bias? • Commercialism Comments	✔		It does have a section for pop culture. It is possible that certain items contained in that section could be biased.
