

Hannah Steinman
Mini lesson 6

- 2nd grade
- Science: Reviewing for our test
- Tools: Kahoot, Smartboard and iPad
- Synopsis: The Teacher will have created a kahoot game to review for the science test on Friday. The students will interact with the kahoot on the iPad. The question will be on the smartboard and they will have to pick the correct color and shape to the right answer. At the end of the game they will see how much more they need to study.
