

MISS HANNAH'S CLASSROOM

In my classroom I want to have flexible seating. With yoga balls, pillows, uneven seats and standing desk. I want to have a classroom where my students are comfortable. I want to have a reading nook and a computer corner. In my reading nook I want to have two or three bookshelves and bean bags, trampoline chairs and mushroom chairs. I want my computer corner to have a mac and PC. My dream classroom would have carpet so if my students to take off their shoes to be more comfortable.
