

Ms. Hannah's March Monthly Newsletter

Hello Parents!

March has arrived in our classroom, we are getting closer to the end, but we are not done quite yet! We have a few fun events happening this month in our classroom. Mark your calendars because we want to invite our parents to come and join us in celebrating at these events!

Important Dates

- 3rd – Review for Unit Test
- 4th - Unit Test
- 17th - St Patrick's Day
- 22nd-26th - Spring Break
- 18th - Science Fair Projects due
- 19th - Parents Night

Science Fair Projects Due

As a reminder, students have their science fair projects due on the 18th. They will be given opportunities to work on their projects in class, however I do recommend students work on their projects at home as well.

Parent Night

We will be holding a parent night on the 19th. We would love for the community to come our and view our student's wonderful science fair projects they have been working so hard on!

Upcoming Recycling Project

In the month of April, I will be having students complete a project that promotes recycling. I wanted to give you a head's up so your students can start collecting recycling early.

As always you can contact me with any questions, comments, or concerns!
