Questions	Yes	No	Comments/ Notes
Have you played enough to know every aspect? • Did you try things that were wrong and/or unexpected	X		
Did the software crash?		X	
Was the content appropriate? Did it meet the user's needs?	X		
Were the screens appealing? • Color, items on screen, sounds ……		X	The app had no color, it was just black, and there were no sounds, but that didn't take away from the app.
Is it easy to navigate?	X		It takes you step by step and there are places where it will tell you what you can do.
Is it easy to learn?	X		
Does the user need Supervision to use	X		Since it has you choose pictures and videos from your gallery to make a video and it can just record to make a video, we feel like the user needs supervision to make sure there

			are appropriate images and videos, and the children are recording what they are supposed to be.
If the App required a response, was it appropriate? (right or wrong)		X	The app didn't require a response while we were using it.
Were there bells and whistles? • If so, do they enhance instead of detract? • If not, should there be?		X	This app did not have any sound because it's not a game so we felt like it was okay for it not to have any sound because that could have detracted the students.
Did you like using the App?	X		
What was the cost? • Was there a "lite" version ○ If so, was it enough	Free		This app didn't require a cost, it was free
Were there in-app purchases? • If so, what were the additional costs?		X	
How does it compare to other apps that do the same?			This app compares to a app we both have used called flip gram, because you can make movies, videos, add

			pictures, add videos, and put it all together.
Additional Comments		X	We both believe that this is a great app for students to use, but we feel like it's more for mid-level and high school students instead of elementary students.

Developmentally Appropriate

Questions	Yes	No	Comments/ Notes
Child Development and Learning • Subject Matter appropriate? • Educational Focus? • Provides for Learning New Content? • Follows Appropriate Teaching Sequence?	X		This app allows you to make videos, put multiple pictures together, etc., and we both feel like teachers can use this to teach lessons and students can use this app to make a project.
Individual • Does it match individual's abilities? • Does it meet individual's needs?	X		Anyone can use this app, but we both think elementary students would need a little more help.
