

Parent Letter

Parents, I think it would be beneficial for you to create an AUP for your own homes for a couple of reasons. I believe that it is a great way for your children to know what is expected of them in every aspect of home living. It can also be used to clearly show how the situations will be handled if the kids are to make a mistake(s). It can also be a form of proof, if you ask your children to sign the document. There is a template free for your use.
