

Grade: First Grade

Topic: Social Studies

Technologies: YouTube Video & Padlet

<https://www.youtube.com/watch?v=x-MCO9O4pPI>

Synopsis: The students all together will watch the presidents video and then I will assign them each a president. The video will hopefully give them an idea of what I am looking for as far as facts and a picture. They will each get a link to our class padlet where they will go on and add 5 facts and a picture of their president and share this with the class. They will get to look at their classmates posts and get to learn some great things about the presidents.
