Group Member Names: Sydney Sweat, Corey Anderson, Katie Anderson

App Title: Evernote

Publisher or Producer: Evernote

Version of App: 8.24.3

Target Audience: 4+, but we would recommend it for 10+

Type(s) of Software: Tool – This app allows users to create any type of note they want whether it be audio, text, written, or using a template.

How does it fit into the curriculum?

Cost or in-app purchases: Free for 7 days, then \$7.99/month. Evernote Premium ranges from \$4.99-\$49.99.

Description of the Software: First you choose an Idea, Meeting, To-do, or Blank note to create. You can add text, pictures, audio, or writing to it. It gives you the option of choosing from several templates such as a daily planner, monthly calendar, weekly planner, etc. You can also create reminders for the to-do, projects, or unfinished tasks notes.

Impression of the Software: This software was very fun to use. There were so many options to include in the notes. There was also an option to save your notes on the app, and you could go back to edit them whenever. We were impressed that you could not only create any kind of note, but also set a reminder on it.

Does the software pass APPS: Yes
