

Math

Subject: Math

Grade: 2nd

Tools: Osmo Pizza

Standard: AR.Math.Content.2.OA.B.2 • Fluently add and subtract within 20 using mental strategies • By the end of Grade 2, know from memory all sums of two one-digit numbers

Synopsis:

Students will be taking turns playing the game Osmo's Pizza. During Osmo's pizza, a customer comes in and asks you to make a pizza a certain way. After you make the pizza the customer will pay you, and you have to give them the correct change back. While taking turns playing the pizza game, the other students will be doing an addition and subtraction worksheet.

Addition & Subtraction Single Digits

$5 + 5 =$	$1 + 6 =$
$7 + 3 =$	$8 - 5 =$
