Padlet

Version: 97.0

Publisher: Wallwisher, Inc.

Target Audience: 4+. This app is said to be 4+ but I disagree. I found this app to be somewhat hard and should be used for older students.

Software: The software has many options and abilities. This software gives individuals a chance to create pretty much anything they want and be able to share it with others.

Curriculum: This can be used to implement and integrate group work in the classroom. This app can be used for anything.

Environment: This app is great for the classroom environment. It can be used by the student or can be used by the teacher. Cost: Free, ($12.99 a month purchase)

Description: For the classroom, this app is great for projects. Padlet allows you to create presentations, note-taking, writing prompts, and so much more Impressions: This app is very overwhelming, but could be helpful to do anything in the classroom. The design was great, just a lot of stuff in one app

Does the software pass APPS: Yes
