Evaluating Apps

Quizlet

Version: 4.27.1

Publisher: Quizlet Inc.

Target Audience: Students and teachers

Type(s) of Software: Tools - because students can make flashcards to help them study for tests and teachers can make flashcards to help students study, make tests, and use the app for students to take tests.

Curriculum: This app can be used for any subject.

Possible Environment(s) and why: Home because the app can be used individually. In the classroom because teachers can use it to create tests, flashcards, and other types of files.

Cost: Free, upgrades range from \$11.99-\$35.99

Description: This app is designed as a study aid for students and teachers. The user can make flashcards to help study for anything. The user can get flashcards from people who have already created them on the app.

Impression: I found the app to be user friendly and a nice aid for students and teachers. I liked that it was an easy way for students or teachers to create flashcards without having to write them down.

Does the software pass APPS: yes
