

- Name: PBS Kids
- Version: 75.0
- Publisher: Wallwisher, Inc.
- Target Audience: 4+ but we agreed this application was better for 2nd grade and up
- How does it fit into curriculum: It acts as a virtual bulletin board. We did not see the educational benefit in it. If so, perhaps for older students.
- Possible Environment and Why: This application would be good for younger elementary students.
- Cost: It is free to download
- Description: Padlet is an application that behaves as a digital canvas. You can upload pictures, links, and documents to it.
- Pass or Fail: Pass because it was easy to use and it can be used by the teacher to organize different documents or lessons.
