

Self-Videos Mini Lessons 5  
Kristen Laky

1. Grade level/Audience: 3<sup>rd</sup> Grade
2. Curriculum topic: Language Arts
3. Tools: Word and TeleStory
4. Environment: Individualized with the word documents. While students are using TeleStory, they will work with partners to help with recording.
5. Synopsis: It's the beginning of the school year and we need to learn a little bit about our classmates. Students will start by writing a little bit about themselves by answering a few promoted questions given by the teacher. Once they have answered the questions in the word document, they will begin recording using the TeleStory application on our school iPads. They can do this in pair, if they want, so they can help with recording and ideas when selecting backgrounds and lines that they think they should say. These videos with them be shared together at the end of class.
