

**Subject: Math**

**Adding and subtracting (Money)**

**Grade: First**

**Tools: Osmo Pizza and work sheets.**

**Synopsis: I will give some students the Osmo pizza to play with and others will have the work sheets and we will take turns so each person gets a chance to play with osmo. They have to make pizza and count money. This lesson will be over money so they have to count the money on the game and give correct change and for the worksheet to will be a money worksheet where they have to give correct change.**
