Questions	Yes	No	Comments/ Notes
Have you played enough to know every aspect? • Did you try things that were wrong and/or unexpected	X		
Did the software crash?		X	
Was the content appropriate? Did it meet the user's needs?	X		This app would be perfect if you needed to put different videos and pictures together.
Were the screens appealing? • Color, items on screen, sounds ……	X		You can add music to your video, there is audio already on the app that you can choose from. Or you can use music off of your iTunes.
Is it easy to navigate?	X		Yes, everything is laid out.
Is it easy to learn?	X		
Does the user need Supervision to use		X	The student is choosing videos/pictures to put together that are already saved

			on the device that they are using.
If the App required a response, was it appropriate? (right or wrong)		X	
Were there bells and whistles? • If so, do they enhance instead of detract? • If not, should there be?	X		You can change the project name, the format (landscape or portrait), the background color, transition settings, and the photo duration. You can also add more than one song at a time. You can also edit photos, and it comes with many different font styles to choose from. You simply just tap to enter the text you want. It has filters you can apply to each photo or video.
Did you like using the App?	X		
What was the cost? • Was there a "lite" version ◦ If so, was it enough	X		The app was free and everything in the app was free.
Were there in-app purchases? • If so, what were the additional costs?		X	

How does it compare to other apps that do the same?			We enjoyed this app, it was easy to navigate, it was not complicated. And it was FREE!
Additional Comments			Developer/Seller: Bending Spoons Apps IVS You can tap and hold to rearrange the media after you have selected everything you want in the video. You have to go back and edit each photo and the size, because it will crop stuff out when the video is created. Once the video is created, it will show up in the Projects page. You can send your video or share it through Facebook or Instagram.

Developmentally Appropriate

Questions	Yes	No	Comments/ Notes
Child Development and Learning • Subject Matter appropriate? • Educational Focus? • Provides for Learning New Content? • Follows Appropriate Teaching Sequence?	X		Students could use this software to enhance material they have already learned. It also provides for learning new content because they are getting experience with a movie maker, and combing videos and pictures into one large video.
Individual • Does it match individual's abilities? • Does it meet individual's needs?	X		Offers English plus 21 languages. This app would meet the needs of each individual student because it is easy to learn, navigate, has everything they need in one place.
Social/Cultural • Bias? • Commercialism Comments		X	We did not see any social or cultural biases.
