

Mini Lesson- Pizza & PowerPoint

Teacher: Miss Kori

Grade Level: Third

Subject: Math

Curriculum topic: Addition and Subtraction

Tools: Osmo Pizza and Jeopardy PowerPoint

Synapsis: For this lesson, the students will have a game day! I will split the class up into three equal sized groups. The first group will be playing the jeopardy; the boys will play the girls in their group. The second group will have IPads and will play the Osmo Pizza game, I will set the level to medium. The third group will have a simple addition and subtraction worksheet that I will use to asses them at the end of class. Each group will get 20 minutes at each station and will rotate through all three activities!
