

Evaluating Apps

Title: inQRedible

Evaluators: Kori and Lolly

Questions	Yes	No	Comments/ Notes
Have you played enough to know every aspect? <ul style="list-style-type: none"> • Did you try things that were wrong and/or unexpected 	X		We created codes and scanned codes.
Did the software crash?		X	
Was the content appropriate? Did it meet the user's needs?	X		
Were the screens appealing? <ul style="list-style-type: none"> • Color, items on screen, sounds 	X		There was nothing extravagant about it. It didn't have many colors, but it wasn't super plain either.
Is it easy to navigate?	X		
Is it easy to learn?	X		Everything was labeled and under categories that made it very easy.
Does the user need Supervision to use		X	There is not much you can do on this app except create or scan a QR code, and even when the user is creating a code, they have to choose something that already exists, so it's the students wouldn't be creating

Evaluating Apps

			something from scratch.
If the App required a response, was it appropriate? (right or wrong)		X	
Were there bells and whistles? <ul style="list-style-type: none"> • If so, do they enhance instead of detract? • If not, should there be? 		X	This app is pretty plain. There's no sounds or pictures to it other than the social media labels. We don't think it's necessary for there to be bells and whistles because of the simplicity of the app.
Did you like using the App?	X		
What was the cost? <ul style="list-style-type: none"> • Was there a "lite" version <ul style="list-style-type: none"> ○ If so, was it enough 			The app was free to download and use for an unlimited amount of time.

Evaluating Apps

<p>Were there in-app purchases?</p> <ul style="list-style-type: none"> If so, what were the additional costs? 			<p>Users can pay \$0.99 to remove the ads, however the ads are on the bottom and very small, so they aren't much of a distraction.</p>
<p>How does it compare to other apps that do the same?</p>			<p>There is another app called QR Code Generator and Creator that is similar to this one. It has a lot more bells and whistles than inQRedible. Users are able to design what the QR code looks like and share them. Both apps are free.</p>
<p>Additional Comments</p>			

Developmentally Appropriate

Questions	Yes	No	Comments/ Notes
<p>Child Development and Learning</p> <ul style="list-style-type: none"> Subject Matter appropriate? Educational Focus? Provides for Learning New Content? 	X		<p>All subjects can be used with this app. The focus is turning assignments or activities into a QR code and having students use them. The students are</p>

Evaluating Apps

<ul style="list-style-type: none"> Follows Appropriate Teaching Sequence? 			learning how to integrate technology into their learning.
Individual <ul style="list-style-type: none"> Does it match individual's abilities? Does it meet individual's needs? 	X		
Social/Cultural <ul style="list-style-type: none"> Bias? Commercialism Comments 		X	No bias material.
